Hi Irmee,

The title search for Kraus is being held up because the site is not in CERCLIS. Could you work with Kevin and please see Mark to make sure that it gets into CERCLIS so that Leslie will fund the PR. thanks,
marissa

Marissa = this has got to get into CERCLIS before I can fund this - I guess you (or actually the OSC) need to see Mark?

Marissa is funding a title search for Kraus Enterprise 308 Crowley Avenue Buffalo - George assigned it a spill ID , but there is no such site in CERCLIS - do you know anything about this site?
